

## 'Joy and Data' at a public library near you <sup>[1]</sup>

**In collaboration with ten Victorian public libraries, ALL is presenting the 'Joy and Data' case study events from September to November this year. Check the ALL events page <sup>[2]</sup>for session details.**

The ALL case studies were developed as part of the two-year impact program that followed ALL's inaugural biennial lecture 'Joy and Data' in 2015. Six case studies, filmed in a range of Australian schools, demonstrate how innovative educators use data to help learners find joy in learning, to flourish and tackle life's opportunities.

PLVN plays a significant role in fostering learning, access and engagement at the local level, and the partnerships enables us to share our resources with the broader community to build engagement with learning.
